### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 12 recite a method of operating a dual path drive rotatably driving a threshing rotor. The methods includes the claimed steps for disengaging the rotor including controlling the speed of rotation of the rotatable output of the variable speed rotatable power source. Independent claim 19 describes a dual path drive for a threshing rotor having a controller that performs as claimed when a command to disengage the rotor is received by the controller. The method described in claims 1 and 12 and the controller in claim 19 is not found in the prior art.

The closes prior art of record are U.S. Pat. No. 6,663,525 and U.S. Pat. No. 6,726,560, which are owned by the same assignee as the as the current application. These patents describe the same structure of the device in the current application except for the controller. The controller in the current application operates the device in a different manner.

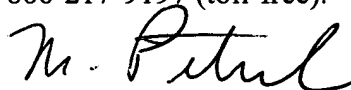

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
